

# Hotspot Quick Start Guide

1. Press and hold the Power button until you see the Welcome screen.
2. Wait 15 seconds.
3. Check to see if the Hotspot is charged by looking at the battery icon on the top right of the screen.
4. If it isn't charged, plug the enclosed cable into the Charging Port and to any electrical outlet to charge the Hotspot.
5. Once charged, the Hotspot is ready to use.
6. Turn on your personal electronic device (phone, laptop, tablet etc.).
7. Open the WiFi settings on your device.
8. Choose SprintHotspot\_#### in your WiFi settings. (The number is unique to your HotSpot.)
9. Type the password Oaklandlibrary into your device in your WiFi settings. The O must be capitalized the rest must be lower case.
10. You should now be ready to use the internet on your personal device.
11. When you are done, press the power button until you see the Sprint symbol.
12. Please return the HotSpot to the Melrose or West Oakland Branch by your due date. The Hotspot will stop working after the due date.

## Troubleshooting

- If you are not in a Sprint service area, it is possible that this WiFi will not work.
