1. Approval of Minutes

Chairperson Barbero called for a motion to approve the minutes of July 30, 2018. Commissioner Mandros Bell made a motion to approve the minutes as recorded. Commissioner Dumas seconded the motion. Approved. Votes: Yes – 12; Noes – 0; Abstentions – 1

2. Review Measure Q Audit Report FY 2013-14 through FY 2016-17

Gene Tom proceeded to explain that the Measure Q Audit is an annual requirement established in the Measure Q legislation and prepared by the City Auditor, an elected official.

In summary, this audit reviewed Fiscal Years (FY) 2013-14 through 2016-17 with the objectives of:

1. Verifying the minimum appropriation from the City’s General Fund to the Library;
2. Confirming that the Reserve Fund requirements were met;
3. Assessing the Library Commission’s compliance with the ordinance that established it;
4. Determining whether proceeds were properly dispersed as prescribed by the Measure Q requirements.

Observations made by the Office of the City Auditor:

1. Certain expenditures may not have conformed with Measure Q requirements in FY 2013-14 and FY 2014-15.

2. The City has not adequately documented the financial controls in place that ensure the minimum Library Fund appropriation is met each year. If the City does not contribute the minimum funding to the Library, the City may not receive the tax revenue from Measure Q.

Recommendations made by the Office of the City Auditor:

1. At the prompting of this audit, the City Administrator performed a review of the Internal Service Expenditures for FY 2013-14 and FY 2014-15. If any expenditures are determined to exceed actual costs, a plan should be developed to restore the funds in conformance with Measure Q’s requirements.

2. The City Administrator should document the financial controls over establishing the minimum appropriation each year and verify it is accurately recorded in the city’s Financial Reporting System to ensure that the requirements of Measure Q are always met.

Overall, it was a good audit that identified that the Measure Q expenditures substantially met the Measure’s requirements, and that the Library Advisory Commission operates in compliance with the ordinance. Questions followed presentation. The LAC would like the City Auditor to prepare an audit every year, as stipulated in the Measure Q ordinance.
3. Chairperson’s Commission Activities Report – Chairperson Barbero

a. Committees Structure Review
Discussion carried from last meeting to decide whether to continue with the existing committee structure and modify frequency of meetings due to lack of attendance. Sustainability Committee focuses on the budget to make sure that the Library can be open six days a week and provide all needed services. Outreach Committee focuses on reaching out to the public, city council and the Mayor's office to build awareness of the Library's challenges, resources and services. After discussion, Chairperson Barbero called for a motion to keep both committees and to meet every month for the remainder of the year with the option to meet bimonthly as needed. Also, create ad-hoc committees for special projects. Commissioner Perkins moved to approve motion. Commissioner Mandros Bell seconded the motion. Motion approved.
Votes: Yes – 12; Noes – 0; Abstentions – 1

- Outreach Committee to meet 2nd Monday of every other month, starting October
8. Commissioner Barbero, Chair.

OPL Staff Activities Reports

Director’s Report Highlights – Jamie Turbak:

• With upcoming elections in November, Commissioners were reminded to follow the guidelines provided by the Ethics Commission (Rules for Campaign) during the upcoming election campaign.
• Proposed expansion of library hours. With the passage of Measure D, which will fund extended library hours, staff has been meeting with staff and library unions to strategize extended hours and hire part time staff. The plan is to open 81st Avenue on Sundays and provide a degree of standardization system wide. Discussion followed.
• City Administrator requested that LAC be the oversight body for Measure D, since the Commission already does this for Measure Q, and it makes sense to review both measures. Staff will prepare a report to Council to amend the LAC ordinance to include Measure D oversight in the language.
