The statement was corrected to reflect as: “The Friends of Hoover Durant will get a response back on the RFP for the feasibility study.” Commissioner Mary Going made a motion to approve the minutes with the correction. Commissioner Ada Chan seconded the motion. All in favor. Motion approved.

2. Adult Education

Supervising Librarians Jenera Burton and Mana Tominaga gave a presentation on Adult Education. They covered adult literacy and programming at OPL including what was accomplished in 2020 and 2021. It was highlighted that most services and programs had pivoted to virtual and some saw an increase due to gaining a global reach. It was shared that there are also new e-resources for tutoring and workforce partnership initiative. Virtual programming has increased the need for technology access. OPL has increased the laptop lending and hotspots and will continue to do so for remainder of this year. Jamie acknowledged the tremendous leadership displayed by Mana in standing up the call center and Jenera who oversaw the RFID self-check installation. The commission expressed gratitude for the continued work and commitment from staff.

3. Library Finances Report

Chief Financial Officer Janelle Montu Veresa gave a presentation of OPL’s FY 2021-2023 proposed biennial budget with a focus on citywide Measures Q and D budgeted revenues and expenditures. Commissioners expressed that they were confused and requested a simplified explanation of the budget. Co-chair Caleb Smith suggested that in the future, budget presentations may go to Sustainability committee prior to coming to larger commission. Jamie Turbak referred commissioners the link in her Director’s report to look at the proposed budget. Janelle will go to Sustainability to give a simplified presentation.

4. Director’s Report

To: Library Advisory Commission
 From: Jamie Turbak, Director, Oakland Public Library
 Date: May 24, 2020
 Re: Oakland Public Library (OPL) – Director’s Monthly Report

General Updates:

- Mayor Libby Schaaf released her budget proposal for FY 2021-2023. [Background information and City Council Member priorities are listed on the City website. If Oakland Public Library were to receive additional funds from City Council through the budget deliberation process, the priority is for facility improvements such as carpet and furniture replacement, especially at leased facilities where we cannot use Measure KK funds \(Chavez and Eastmont\).](#)

Changes to Library Services:

- Oakland Public Library is tentatively planning to restore pre-pandemic hours of operation on June 15 in conjunction with the elimination of the State of California’s capacity limits, social distancing and “industry tiers”. Late last week the California Department of Public Health released a [“Beyond the Blueprint”](#) memo explaining that except for “mega events” (over 5000 people), there will be no

capacity limits, and no social distancing required by the State. Masking requirements follow [CDPH Guidance for Face Coverings](#), which after June 15th will align with CDC guidance.

Currently, and moving forward, Oakland Public Library is required to follow City of Oakland policies, Alameda County Department of Health and Cal-OSHA. [We are awaiting more information](#) on exactly what our local regulations will be as of June 15th, however we expect to make the following service changes following June 15th

1. No more quarantine of returned materials, in accordance with current County guidance.
2. No fixed Navigator stations at the entrance. Guards or staff near the entrance can enforce any remaining requirements for entrance.
3. Open seating will be returned; patrons may sit or use furniture as they generally did before the pandemic. Public areas currently closed off will be opened.
4. Computers will be made available at all locations in the branch. Auto-extensions will be re-instituted.

I emphasize that we are still waiting for explicit guidance on what to expect regarding requirements for staff and masking requirements in general. We know that we will be serving many people who remain unvaccinated either by choice or because of age, and we can continue to be a community resource for current health information and to model healthy practices. While “OPL Express” services will sunset on June 15th, we know it will be some time yet before all pre-pandemic library activities (such as storytime) resume.

- [Oakland Unified School District issued an RFP to provide library services at the former Childhood Development Center \(CDC\) at 86 Echo Avenue](#). Oakland Public Library plans to respond and submit a proposal.
