CITY ATTORNEY'S IMPARTIAL ANALYSIS OF MEASURE O

A statement of the City Attorney's impartial analysis of Measure O is attached to the ballot. The City Council has determined, based on the impartial analysis, that the measure is in the best interest of the City and has placed it on the ballot for the voters to consider. The City Council has not made any recommendation on how the voters should vote on Measure O. The voters are encouraged to make an informed decision by reviewing the impartial analysis and considering the potential impact of Measure O on the City and its residents.
ARGUMENT IN FAVOR OF MEASURE O

City Auditor

The measure, Measure O, calls for a new 10-year library improvement proposal. The library system currently has a budget deficit of $3.5 million. Measure O would provide a $7 million bond for the library system to improve and expand its services.

Additional Information

The library auditor's report states that Measure O is needed to fund critical library improvements. The measure would increase the library's capacity to serve more patrons.

Operating the library is costly, and Measure O would provide the necessary funds to operate the library efficiently.

Fiscal Efficiency

Measure O is expected to increase the library's operating budget by $3.5 million, which is a significant improvement over the current budget. This increase will allow the library to operate more efficiently and provide better services to the community.

The measure will increase the library's operating budget by $3.5 million, which will result in improved services and increased efficiency. The measure will not increase the property tax rate.

The measure will not increase the property tax rate, and the library's operating budget will increase by $3.5 million. This will allow the library to operate more efficiently and provide better services to the community.

ARGUMENT AGAINST MEASURE O

This is really about paying twice for the same service.

However, we are counting on the single-family home from $20 to $299,888.

We defend virtually the same services, the same personnel, the same library budget.

Finally, voters said “No” in 1991.

Amesville voters said “No.” In 1991.
