2. **Open Forum/Public Comment**
   There were no members of the public present.

3. **Approval of Draft Minutes: November 27, 2023**
   Commissioner Mary Forte reported two errors in the minutes and asked that the minutes be amended to include the corrections. Commissioner Chiye Azuma made a motion to approve the minutes as amended. Commissioner Alex Weinberg seconded the motion. All in favor. Motion approved.

4. **Annual Elections**
   There was discussion about what it means “in practice” to build the meeting agenda with Co-chairs and a Vice-chair. It was explained that Executive Assistant, Kere Gonzales, emails the draft agenda topics to the Co-chairs and Vice-chair in advance of the meeting based on topics requested during the prior Agenda Building portion of the Library Commission meeting. The three recipients of the email respond with any suggested changes in a casual and informal process. It was shared that this process is more streamlined and much easier than the previous process which included a formal agenda planning meeting each month. Participation in the agenda building discussion by all commissioners also helps simplify the process and is appreciated by the Co-chairs and Vice-chair.

   There was a call for questions regarding the roles of Chair and Vice-chair. Commissioner Caleb Smith clarified that he will not seek reelection. Commissioner Chiye Azuma expressed willingness to consider the Vice-chair role if Commissioner Mary Forte would accept the role of Chair or Co-Chair. Commissioner Gabrielle Sloane Law expressed willingness to run as Co-Chair in six months after gaining experience on the Library Commission. Commissioner Mary Forte reminded the group that her term ends in August. Commissioner Caleb Smith motioned that Commissioner Mary Forte and Commissioner Gabrielle Sloane Law be elected as Co-chairs and that Commissioner Chiye Azuma be elected as Vice-chair. Commissioner Alternier Cook seconded the motion. The motion passed with all in favor.

5. **2024 Action Plan**
   Commissioner Mary Forte provided an overview of the background of the Action Plan that was created in 2021. There was general discussion about the plan including questions about if the Committees have stayed with the plan and a suggestion that the plan should align with the mission and vision of Oakland Public Library. It was shared that the format of the plan is optional and can change if others have ideas on how to better present strategies and goals. The Community Engagement and Sustainability Committees have meetings in February and can report back to the Library Commission in March. Director Jamie Turbak shared that there will be a new 18-month plan of the Racial Equity Action Plan (REAP) which serves as a strategic planning document for Oakland Public Library and Both the REAP and the 18-month plan can be shared with the Library Commission. In addition, Director Jamie Turbak stated that Race and Equity Team will present a report to the Library Commission at an upcoming meeting.
There was discussion about the Committees. Commissioner Gabrielle Sloane Law stated that she would join the Community Engagement Committee. Commissioner Christina Tostado requested verification of the dates of the Committee meeting. Commissioner Chiye Azuma verified that Sustainability Committee will meet in February and that the meeting information will need to be publicly noticed in time by Executive Assistant Kere Gonzales.

The conclusion was that some areas, including dates, of the Action Plan are outdated and need to be updated. Also, it was noted that there was language that needs to align with the REAP.

6. Quarterly Maintenance Report
Commissioner Mary Forte gave an overview of the Quarterly Maintenance Report and an explanation of the open service requests. The overall total number of service requests effective December 31, 2023 was down to 109 open tickets. This represented a significant reduction from last year. The report is a document that Commissioners can use as a tool when advocating for a branch.

Commissioner Karen Roye acknowledged the hard work and persistence that produced this effective outcome. Commissioner Chiye Azuma discussed the service tickets at the Martin Luther King, Jr. Branch which had 12 open tickets at the end of the year, one of which is electrical and creates a safety and tripping hazard as well as looking bad. This has been an issue for a long time. MLK Branch does not have a Friends Group to advocate for this location. When asked the best way to bring up or follow up on an issue, it was shared that there is no wrong time to raise issues either directly with library staff, through the 311 system or with City Council staff. Also, the Capital Improvement Program process which occurs in conjunction with the City Council budget approval is a good time to engage with Council Members about library facility needs. Commissioner Karen Roye talked about the importance of staffing levels and using talking points from Sustainability Committee. Commissioner Alternier Cook reminded everyone that it is important to visit elected officials and build allies. Commissioner Chiye Azuma described visiting Council Member Jenkins and discussing the Maintenance of Effort. When he was told about the problems with the electrical and extension cords, he wanted to go and see the library himself. This is an important talking point.
